

# ACADEMIC ADVISING

## So you want to study DENTISTRY

Depending on the program, students may complete up to two years worth of university level coursework at Camosun. Students are to confirm with their destination institution that the below academic requirements & non-academic preparations are current. Students should also confirm deadlines and GPA requirements for admission with their destination institution. Because admission to these programs is competitive, students should have a backup plan that may include an alternative degree.

### University of British Columbia: Doctor of Dental Medicine

[www.dentistry.ubc.ca](http://www.dentistry.ubc.ca)

#### Academic Requirements

- 3 years (90 credits) of courses towards a degree at a recognized university
- There are no specific degrees required for admission to Dental Medicine
- Check directly with this institution for required or recommended course work

#### Non-Academic Preparation

- The Dental Aptitude Test (DAT)

### For Your Information:
