Camosun College campuses are located on the traditional territories of the Lkwungen and WSÁNEĆ peoples. We acknowledge their welcome and graciousness to the students who seek knowledge here.
THE KEEPERS OF KNOWLEDGE

The logo for the Centre for Indigenous Education & Community Connections was designed by the late Ditidaht artist, Tsa Qwa Supp (Art Thompson). The two wolves represent members of a governing traditional system called Tl’uu Kwalaa. This system is practiced within the Nuu-chah-nulth Nation. Certain members of this system are keepers of knowledge. This logo represents a male and a female keeper of knowledge.

THE GATHERING PLACE

Resembling a huge cedar hat and perched on top of the slope overlooking Lansdowne Road, the Gathering Place – Na’tsa’mah – was built as a culturally welcoming space.

PRACTICAL
At Camosun, we prepare you for the job market by teaching you practical skills in small classes. Most programs offer the opportunity to gain relevant work experience through a co-op, internship or practicum.

RELEVANT
We work closely with industry to ensure that the content we teach reflects the needs of the local job market. As a result, our students enjoy high rates of employment after graduation.

VALUE
Camosun offers high-quality education at affordable tuition rates. Compare the cost at Camosun to other colleges and universities and see the difference.

At Camosun College, we strongly believe in “learning by doing”. Through small class sizes, interactive labs, and project-based learning, we simulate the real-world work experience in the classroom and facilitate the development of hands-on skills that employers value. We develop and refine our curriculum through our connections with industry, government, community and the non-profit sector: this helps to ensure that our learning outcomes match the needs of the job market, and that our students are prepared to succeed in the workplace.
I’m from Japan and am taking the University Transfer program. I plan to complete my degree at the University of Victoria. I chose Camosun College because it has an incredibly strong connection with UVIC and offers seamless transfer opportunities. University Transfer allows me to study in smaller classes, prepare for university, have easier access to instructors in a friendly atmosphere, and study at a more affordable cost.

Camosun College has given me the opportunity to meet many people from different backgrounds: international students from Asia, Latin America, Europe, and the Middle East, and domestic students who are in their 20s, 30s and 40s. Camosun College is full of people who have a passion to learn, no matter how old they are, no matter where they are from, no matter who they are.

My experience at Camosun has changed my idea of school and learning.
Camosun’s School of Arts and Science offers you the flexibility to take courses from different subject areas or concentrate on a specific field of study. Whether you want to obtain hands-on career training or transfer to university, our faculty strive to create a learning environment that is committed to student success and instructional excellence.
I’m from Mexico and am studying the Bachelor in Business Administration program at Camosun. Back in 2013, when I was just 15 years old, I made the decision to study abroad and have never regretted it since. The friends I made and the adventures we had gave me joy, made me laugh and created memories that I will keep forever. Most importantly, I fell in love with Victoria. Life here is different from what I was used to, but that helped me grow, build character, and made me the person I am today. As the school year went by, it was time to say goodbye to the people, memories, places and my life here.

Friends I met in high school started attending Camosun College and told me how practical the learning experience was there. I made the decision to apply. It wasn’t a hard transition from my high school in Mexico to Camosun College, perhaps it felt like the first time I arrived in Victoria. I am currently studying business at Camosun College because I have always been interested in entrepreneurial leadership and wanted to make a living out of it. Life at Camosun is also more than studying, but having fun and meeting new people. Since I arrived, I have been part of “Peer Connections”: a group of students that gets together once a week to discuss, implement, and create awareness about today’s world problems, as well as volunteer in the community.

Since I’ve been here I have learned a lot of what I will need to achieve my future goals, thanks to the amazing instructors I have had the honour to learn from.

One thing is for sure: over the past two years, I have been part of the Camosun College family, I’ve grown a lot academically, and I’ve made great friends of all ages from around the world, both inside and outside the College.
The School of Business at Camosun provides you with the knowledge, skills, and values necessary to be successful in a changing business world. Our applied programs combine the practical and theoretical applications of business, which has led to over 90% of graduates finding work in fields related to their area of study.

**DIPLOMAS (2 YEARS)**

I'm from South Korea and studying Information and Computer Systems. As an international student at Camosun College, I feel really supported by the international staff and my instructors. In my first semester, I was having a hard time figuring out how to study in English and how to get information about registering for classes and applying for jobs, but I always received the support and assistance I needed. And now, I'm a Student Coordinator helping new students stay safe in Victoria and enjoy their time at Camosun College.
With over 900 technology companies in the Victoria area, and the city undergoing a major infrastructure renewal and expansion, graduates of our computer and engineering technology programs are in high demand. Camosun offers an Engineering Bridge program, which allows our engineering diploma graduates direct entry to third year at the University of British Columbia (UBC) or the University of Victoria (UVic) to complete a bachelor’s degree in Engineering or Applied Science.
Iryna studied in the Diploma in Practical Nursing (PN) program at Camosun. The reason she chose this program was to have a challenging and rewarding career in nursing, which will help her to make a difference in people’s lives. Iryna enjoyed her time at Camosun and the combination of theoretical and practical training incorporated into the program. Her outstanding academic performance earned her a Camosun International Award. Iryna is inspired to continue to expand her knowledge and skills as a nurse practitioner, helping her to enhance the quality of her care.
The School of Health and Human Services at Camosun is dedicated to preparing you for a career in health care, outreach, and community engagement.

Each program strengthens your abilities in team building, leadership, communications, and collaboration and includes a practicum component where you develop clinical and service skills.

**DIPLOMAS**

- Community, Family & Child Studies
- Dental Hygiene
- Early Learning & Care
- Practical Nursing

**CERTIFICATES**

- Certified Medical Laboratory Assistant
- Certified Dental Assistant

I’m from Japan and came here as an exchange student from Morioka University last year. I am currently taking English Language Development to prepare for my academic program: Exercise and Wellness. I am also a member of the volleyball team at Camosun, and I had the great opportunity to compete with other colleges in B.C. last year. It was not easy to play volleyball as a Japanese speaker, since English is not my first language. However, my wonderful teammates and coaches always support me. I am so excited to start another year of college, and create more memories in Canada!
Camosun’s Centre for Sport and Exercise Education delivers innovative programs that combine sport, fitness, wellness and rehabilitation, with management, science, and leadership. This centre is home to Camosun’s sports teams, the Chargers, an Athletic and Exercise Therapy Clinic, the Canadian Olympic and Paralympic Sport Centre, and the Pacific Institute for Sport Excellence.

**DIPLOMAS**
- Exercise & Wellness
- Sport Management
- Massage Therapy

**BACHELOR’S DEGREES**
- Sport & Fitness Leadership
- Sport Management
  (Pending Ministerial Approval)
- Athletic & Exercise Therapy

[camosun.ca/sport-exercise](camosun.ca/sport-exercise)

[Program details p.42](Program details p.42)
The province of British Columbia has established the BC Transfer Guide, which allows students to transition from one post-secondary institution to another. You can study one to two years at Camosun and transfer your credits to a university to finish your bachelor’s degree. It is also possible to transfer to universities in other provinces across Canada.

University Transfer (UT) allows you to start your bachelor’s degree at Camosun and transition seamlessly to internationally renowned universities and programs. You will receive one-on-one academic advising support to choose your courses, develop your personal learning plan, and transition to the university of your choice. Start at Camosun and complete your bachelor’s degree in four years!

How to apply:

- camosun.ca/intl-apply
- camosun.ca/programs
At Camosun, over 90% of our programs offer students the possibility to engage in a Work Integrated Learning (WIL) experience. We offer WIL opportunities in a variety of forms, including co-ops, internships, practicums and strategic volunteering. Regardless of the WIL experience you participate in, the opportunity will allow you to elevate your skills and facilitate your transition into the job market after graduation.

WE OFFER:

» Over 100 WIL-related events on and off campus, including career fairs, workshops on effective networking strategies, personal branding, and other important topics

» Mandatory Workplace Education Prep (WEP) or Career Development (CDEV) course, where we support students to develop cover letters and resumes according to local job market expectations, provide interview training, strategic networking, and offer job search support (2 hours x 7 weeks)

» A dedicated International Employment Facilitator available to support international students

» A Career Job Board with extensive employment opportunities for our students

» A well-developed network of local industry contacts

BC COLLEGE CO-OP STUDENT OF THE YEAR AWARD

For eleven years, a student from Camosun has won the British Columbia Co-op Student of the Year award.

WIL EXPERIENCES:

CO-OP — Alternate between full-time studies and full-time paid work with one or more employers. You will need to complete at least two work terms (minimum 420 hours each) to graduate with a “Co-op Education” designation.

INTERNSHIP — A full-time or part-time work term, which may be paid or unpaid. You will need to complete at least one work term (minimum 300 hours) to graduate with an “Internship” designation.

PRACTICUM — Observe working professionals on the job and practice the skills you have learned in class. You will need to complete a specific number of supervised practice hours per week (unpaid) to fulfill the practicum requirements for your program.

STRATEGIC VOLUNTEERING — Engage with the local community in a meaningful way, contributing your time and energies to a worthy cause, while enhancing your knowledge and skills, and expanding your network.
I’m from China and am studying University Transfer at Camosun. I chose Camosun College because of the broad course selection and multicultural environment. Before I entered my academic program, I took four terms of English Language Development (ELD). I appreciated the ability of the ELD instructors to connect with international students and help us develop our language skills. I also enjoy participating in Peer Connections, where I’ve had many meaningful volunteer experiences, made great friends, and have learned so much!
If you do not meet the English, Biology, Chemistry, Math or Physics requirement for direct entry to the program of your choice, you can meet this requirement through our on-campus ESL & Academic Upgrading program. Depending on your level, you will be placed in the appropriate ESL or academic upgrading course, to work towards attaining the direct entry requirement. In specific cases, you may take up to three academic courses along with your ESL or Academic Upgrading courses. If you are unsure about your level, please contact us regarding on-shore and off-shore Camosun assessments.

CELA is an activity-based program where you can apply your English in a practical environment. These two-week and four-week English as a Second Language (ESL) programs help expand vocabulary and communication skills through exciting curriculum in the classroom and applied activities on and off campus.

**CELA IS SPECIFICALLY CREATED FOR:**

- International students, visitors, or newcomers to Canada who want to improve their conversational English skills and overall English competency
- Beginner to intermediate level English speakers from around the world, aged 15 to 29
- Students interested in learning English while exploring the outdoors with students from other cultures
- Students interested in exploring careers or academic programming at a leading public institution in beautiful Victoria, BC

[camosun.ca/CELA](camosun.ca/CELA)

**ACTIVITIES**

CELA students have the opportunity to practice English while exploring the many tourist attractions that Victoria has to offer.
International students at Camosun have the option of living in a homestay or on their own. Our Housing Coordinator can help you explore each option and ensure your accommodation in Victoria is safe and comfortable.

- **Homestay with food** — You are provided with a private bedroom (including furniture and basic household necessities) in the home of a local host family. You share common spaces in the family home (bathrooms, living rooms, kitchen). The host family buys the food and cooks dinner and you prepare your own breakfast and lunch.

- **Homestay without food** — You are provided with a private bedroom (including furniture and basic household necessities) in the home of a local host family. You share common spaces in the family home (bathrooms, living rooms, kitchen). You buy and cook your own food using the shared kitchen.

- **Living on your own** — You find and rent an apartment or house, with other students or on your own. You are responsible for all living expenses and start-up costs (furniture, cookware, bedding).

* Homestays require students to pay a one-time housing administration fee of $225.
** These expenses are estimates based on shared accommodation with a roommate.

Prices are subject to change without notice.
Camosun International provides international students with specialized services and support. Our Victoria-based staff come from 15 countries and speak 16 languages. With an international office on each campus, our team welcomes students from around the world and facilitates a positive and successful experience at Camosun!
Camosun’s Lansdowne and Interurban campuses are both well-equipped with the facilities and services to ensure your time here is productive and enjoyable. At each campus, you will find a library, bookstore, computer labs, study rooms, fitness centre, cafeteria, coffee shop, and help centres for English and math. On campus, you can also participate in student clubs, drop-in and competitive sports teams, exercise classes, and career fairs.
TUITION & FEES

All fees are in Canadian dollars and may be subject to change without notice. These fees apply for the 2019-2020 academic year. Not all program fees are listed here. Please refer to the “What it Costs” section on the specific program page on the Camosun website for the most up to date information.

* Many of Camosun’s programs have limited capacity and operate on a first to apply, first to qualify, first to be admitted basis. Students are encouraged to apply as early as possible.

** Applicants from countries where the Student Direct Stream (SDS) program is available must meet corresponding SDS criteria in addition to Camosun admission requirements.
HOW TO APPLY

1. APPLY ONLINE
Submit online application through camosun.ca/intl-apply (pay $100 non-refundable application fee). Make sure to submit supporting documents as well.

Supporting documents may include:

» Transcripts (high school/post-secondary). Scan of official documents is acceptable to submit with application. Official, sealed transcripts must be received by Camosun International. Please provide certified English translations for all transcripts.

» Proof of English proficiency

» Scan of passport (pages showing photo, personal information, and signature)

» Scan of study permit (if applicable)

» Program-specific documents (if applicable)

2. RECEIVE LETTER OF ELIGIBILITY
Once your application has been reviewed, and if we determine we can offer you a seat in the program, you will receive a Letter of Eligibility and details regarding your Tuition and Fee Deposit. You must pay the tuition and fee deposit in order to receive the Letter of Acceptance, which is required to apply for a study permit (and entry visa if necessary). The Tuition and Fee Deposit is non-refundable and non-transferable.*

3. RECEIVE LETTER OF ACCEPTANCE
Submit your application for your study permit (and entry visa if necessary) to your local visa office, and make your travel arrangements to come to Canada in time for the New Student Orientation.

Need help with your application? ➞ camosun.ca/intl-apply ➞ international@camosun.ca

* Please refer to our First Semester International Student Refund / Deferral Procedure for more information.

WORKING WITH CONSULTANTS
Camosun works with a number of qualified consultants abroad who provide education counselling services to international students.

If you choose to work with an education consultant, Camosun recommends that you do careful research to ensure you find an education consultant who will meet your needs.

If you have any questions or concerns about the consultants representing Camosun in your country, please email us at international@camosun.ca
# Associate Degree
An associate degree is a two-year academic program consisting of 20 university-level courses, transferable to third year BC university degree programs.

### Arts:
- Economics
- English
- General Arts
- Pre-Social Work
- Psychology

A science-based program including hands-on laboratory and field skills to prepare you for a career in all areas of environmental analysis.

**Diploma:** 3 years
- English proficiency
- Math 12
- Biology 12
- Chemistry 12
- $46,720

### Music Performance
Offered in partnership with the Victoria Conservatory of Music, this program prepares musicians of any genre to enter the world of professional music.

**Diploma:** 2 years
- English proficiency
- Music theory assessment
- Audition
- $35,187

### Visual Arts
This studio immersion program allows you to learn a variety of technical skills in graphic design, animation, photography, video, drawing, painting, and more.

**Diploma:** 2 years
- English proficiency
- Attendance at an information session
- $30,413

### University Transfer – Arts, Science & Education
Academic studies equivalent to first and second year university courses. Transfer your credits to a university to complete a bachelor’s degree in arts, science, or education.

**1-2 years**
- English proficiency
- Other prerequisites may be needed depending on course selection
- Science specialty requires any Math or Science 11 or 12
- 1 year: $15,207
- 2 years: $30,413

---

**Estimated total cost:**
- Arts: $32,103
- Science: $32,103
- Applied Chemistry & Biotechnology: $36,294
- Arts & Science Studies: $32,103
- Criminal Justice: $32,103
- Environmental Technology: $46,720
- Music Performance: $35,187
- Visual Arts: $30,413
- University Transfer: $15,207 (1 year), $30,413 (2 years)

---

**Civil Engineering Technology**

Develop practical skills in computer-aided design and drafting, surveying, and engineering design calculations for a career in urban services or structural design.

**Electronics & Computer Engineering Technology – Renewable Energy**

Learn analytical skills and how to apply them to electronic circuits, microcontrollers, and software for designing electronics systems, with a focus on renewable energy.

**Electrical Engineering Technology – Marine & Industrial**

Learn leading-edge topics with applied learning to enable you to design Electrical Engineering systems. This program is designed to prepare you for direct entry in the marine or industrial electrical sectors.

**Mechanical Engineering Technology**

Gain relevant skills in the analysis, design, production, and maintenance of mechanical devices for a career in manufacturing, transportation, mining, and more.

**Engineering Bridge**

Students who complete one of Camosun’s engineering technology diplomas can apply for this program, which provides direct entry to third year studies at UVic or UBC.

- Civil Engineering Bridge (UBC)
- Electrical & Computer Engineering Bridge (UVic)
- Mechanical Engineering Bridge (UBC or UVic)

**Information & Computer Systems**

Prepare for a career in database design and management, network software design, administration, or operations and maintenance of networks and software.

**Interactive Media Development**

Work locally and globally in application, game, or web development, graphic design, and user interaction.

**University Transfer – Computer Science**

Academic studies equivalent to first year university courses. Transfer your credits to a university to complete a bachelor’s degree in computer science.

**University Transfer - Engineering**

Gain an introduction to engineering mechanics and project design and prepare to transfer to degree programs at UVic or other universities.
