School Statement

The School of Access offers adult learners quality educational programs and services that provide the skills for further studies and for enhanced participation in the economic and social life of their communities.

Standards of Academic Progress

Each of the programs within the school has specific requirements concerning attendance, performance and time limits for completion. These requirements have been developed in the interest of student success in the Access programs and in compliance with the Standards of Academic Progress.

The Camosun College *Academic Progress Policy* applies to all students. For information on the *Academic Progress Policy*, please refer to camosun.ca/policies.

Student Access Services

SAS Instructional Assistants provide orientation and support to Camosun's diverse student population. Students upgrading in English, mathematics and basic computer studies; studying English as a Second Language; and taking course work in Career Exploration and Employment Training and Preparation programs can take advantage of these services on both major campuses and at community learning partner locations.

Help Centres and Math Labs

All academic upgrading students have access to Help Centres and Math Labs. For Fundamental and Intermediate level students, there is a Math and English Testing and Help Centre in the Centre for Business and Access Building at Interurban campus. For Advanced and Provincial level students, there are English and Math Help Centres in

the Ewing Building, Lansdowne Campus, and a Math Lab in the Technologies building at the Interurban Campus.

The Help Centres offer:

- assistance with course work;
- opportunity to work together with peers;
- computers and printers;
- reference and other support materials for in-lab use;
- computers for viewing math/English videos;
- separate, quiet testing areas (at Interurban and Lansdowne Math Help Centres).

Community Learning Partnerships

The Community Learning Partnership Department works together with current and potential community partners to identify and create culturally sensitive learning opportunities that respond to the unique educational needs of the community. Community Learning Partnerships is responsible for English and Math courses from the Fundamental to the Provincial levels, computer studies and other online courses. Current locations are: Saanich Adult Education Centre, Songhees Employment Learning Centre, Victoria Native Friendship Centre, Bridges for Women Society and Our Place.

Provisional Application Status

Current Camosun College students who are making application to enter a college program and who are enrolled in upgrading courses to obtain the academic requirements for admission will, upon application, receive a place on the Program Applicant List (PAL), and as such, may be offered a provisional invitation to their chosen program. An application is eligible for Provisional Status when:

- the applicant is enrolled at Camosun College and is completing the final academic admission requirements to their chosen program; and,
- all non-academic admission requirements to the program have been met.

Once an application has been granted provisional status, the final academic admission requirements must be satisfactorily completed *two months* prior to the program start, or the applicant's position on the PAL will be changed, and any seat offer may be rescinded and offered to a qualified applicant.

Secondary School Prerequisite Alternatives

Where a college course has a high school prerequisite, there may also be a Camosun course that can be used as an alternative. For example, the prerequisite for CHEM 110 is Chemistry 11 and the students can use Camosun's CHEM 060 to satisfy this requirement.

The following list shows the Camosun courses that can be used in lieu of high school courses for prerequisite purposes.

High School Course	Camosun Course(s)
Biology 11	BIOL 060 or BIOL 102
Biology 12	BIOL 080 or BIOL 100

**Where a "C+" is required in an English 12 prerequisite, a "C" will be accepted in the Camosun equivalent.*

***The Math 11 prerequisite for Business courses (e.g. BUS, ECON, FIN etc.) may be satisfied with a "C" in Math 11 or Applications of Math 12 or a "C+" grade in MATH 072.*

Academic Upgrading

The School of Access offers academic upgrading in a progressive stream through Fundamental, Intermediate, Advanced and Provincial levels.

Students may take academic upgrading courses in English, mathematics, science and computer studies for a variety of reasons:

- to complete admission requirements for a program at Camosun College, or other post-secondary institution;
- to complete requirements to obtain the BC Adult Graduation Diploma;
- to upgrade knowledge and skills in specific areas; and/or,
- to satisfy personal interests or goals.

Note: *Academic Upgrading English courses are not designed for adult students who are learning English as a second language. ESL students should refer to the section in this calendar for English Language Development.*

Many Academic Upgrading courses are not designed to be equivalent to high school courses.

Course offerings vary from time to time during the year; however, daytime and evening classes are scheduled year round, with some Saturday morning classes available in the Fall and Winter terms.

Some Academic Upgrading classes allow students to move at their own pace, working on areas needing improvement. Other courses run at a fixed pace for one semester. Online courses may be available; please see Distributed Education for more details.

Adult learners who need financial assistance for student fees, books and other education-related expenses may qualify for the Adult Basic Education Student Assistance Program (ABESAP) administered by the Financial Aid & Awards offices. A number of social/government agencies, including some First Nations bands, also sponsor or assist students.

Indigenous Academic Upgrading

Part of the Academic Upgrading program includes an Indigenous component that is designed to meet the needs of adult Aboriginal students. The program includes English, mathematics and computer studies courses together with personal and cultural development components.

The courses are currently offered at the Saanich Adult Education Centre of the Saanich Indian School Board (250-544-2192) located near Brentwood Bay; at the Songhees Employment Learning Centre (250-386-1319) located on Admirals Road, and at the Victoria Native Friendship Centre (250-384-3211) located on Regina Ave.

Foundations Academic Upgrading

The Foundations level includes both the Fundamental and the Intermediate streams of courses. Foundation courses prepare adults for further upgrading at the College, and/or direct entry into post-secondary programs. The Foundations level covers both the Fundamental and Intermediate upgrading levels in English, math, science and computer studies.

Also offered is a GED PREP course that prepares students to write the General Education Development (GED) exam, a credential accepted by some employers and institutions as evidence of a basic level of education.

Length:

Since course work in most classes is individually paced, the time required to complete any upgrading course depends upon the adult learner's own ability, commitment, and life circumstances.

In general, the time required for each course is as follows:

Fundamental Level: two - six months
Intermediate Level: two - four months

Location: Offered primarily at the Interurban campus.

English, mathematics and computer studies courses are also offered in various other locations in the community. Online classes are also available.

Starting: Monthly
