PROGRAM INFORMATION

Participation requirements

Many first year Business courses require Math as a prerequisite (a "C" in Principles of Math 11, or Pre-calculus 11, or Foundations of Math 11, or Applications of Math 12, or MATH 137, or MATH 073; or "C+" in MATH 135 or MATH 072). Students may enter the program without Math but **must** complete one of the Math courses listed above or successfully complete Camosun's Math assessment in or before their first semester of study.

* Students may use ENGL 161 or 163 in lieu of ENGL 151. Students with less than "B" in English 12 must take ENGL 151

Because of the high demand for applied skills, this is a mandatory two term workplace education program. Workplace education provides learners with opportunities to integrate their studies with a period of relevant work experience. In order to gain a global perspective of the hospitality industry, students are encouraged to consider an international placement.
