## PROGRAM & CREDITS

Students in our **Marine TASK** (Trades, Awareness, Skills & Knowledge) program will receive an introduction to the safety practice, work readiness skills and certifications required to enter the marine industry. Students will explore the many trades listed above through online theory, hands-on instruction, and industry field trips.

Students that successfully complete this dual credit program will be awarded a **post-secondary credit** and **16 high school credits**.

## WHEN & WHERE

April – August 2018

**April - June** Online Trades Theory from home school  
(up to 150 hours over 3 months)

**July 3 - August 10:** Hands-on Instruction at Camosun College and Industry Field Trips (6 weeks)

## HOW TO APPLY

Students in **grade 10 - 12** are encouraged to connect with their Career Coordinator today to get a **SIP course application package**.

Applicants will need to attend an interview and orientation prior to the program start date.

## APPLICATION SUBMISSION

Hand your completed application to your school **Career Coordinator** or send it to [sip@camosun.ca](mailto:sip@camosun.ca)
