

SCHEDULE F
SPECIFICATIONS – WORKSTATIONS & ACCESSORIES

Shortlisted proponents will be required to provide and assemble mockups as follows:

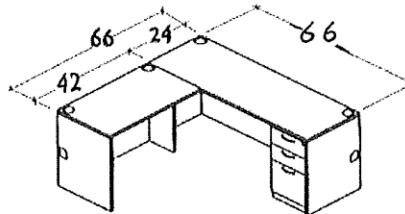

- Mock-Up 1
- Mock-Up 2 is a straight desk as specified

Provide 2D and 3D layouts and parts list for each markup below.

NOTE: Proponents will at their own cost assemble mock-ups at a location designated by Camosun as specified within the main RFP document for the purposes of evaluation and comparative analysis for a period of time to be determined by Camosun, and after short-listing has concluded. Mock-Up sample viewing at a dealer showroom will suffice in lieu of assembly of a workstation at a Camosun site.

Proponents may be asked to provide information on all products available from the product line submitted.
