

The following form is required for any student entering a **school-based cohort** that does not have the required pre-requisite. This pre-requisite can be taken at the same time as the cohort (making it a co-requisite), with the approval of a former teacher in that same subject area.

Students taking courses **on-campus** are required to have all pre-requisites prior to the start of the course.

- The purpose of this form is to assess the skills and readiness of a student for a post-secondary course
- **Please Note:** This form does not guarantee placement in a course. The Department Chair makes the final decision.
- Please provide a separate Recommendation Form for each missing pre-requisite
- For more information regarding pre / co-requisites, or assessments please contact the SIP office at sip@camosun.bc.ca
