2. PROCESS INFORMATION

- The College recognizes that serious, unexpected health matters, and/or other uncontrollable circumstances may arise for students that prevent them from successfully completing their studies. A medical /compassionate withdrawal can be requested to reduce academic consequences.
- Grounds for granting requests are determined by the Registrar, and are considered on a case-by-case basis. Examples of valid and invalid grounds for medical/compassionate withdrawal are provided on the website (camosun.ca/mcw).
- To request medical/compassionate withdrawal, ensure this form is fully completed and submitted with any required supporting documents. Decisions cannot be rendered on incomplete submissions. Submissions become the property of the College.
- You are responsible for being aware of all relevant rules, regulations, and deadlines. You are encouraged to review the Academic Calendar (calendar.camosun.ca), the medical withdrawal information on the website (camosun.ca/mcw), all Academic Policies (camosun.ca/policies), and to consult with appropriate departments (e.g. Eyē? Sqā'lewen, Academic Advising, Registration) to understand the impact of withdrawal on your academic path. If receiving government financial assistance (loans, grants, etc.) please consult with Financial Aid prior to submitting a request, as proceeding may affect student assistance status. International students should consult with their International Advisor regarding study and work permits. Pending the outcome of a request for medical/compassionate withdrawal, your Academic Standing may change.
- Tuition refund (less deposit) will be considered only for completed requests received before 66% of the course instruction has occurred. A list of 66% dates is provided on the website (camosun.ca/mcw). Please ensure your banking details are on file on myCamosun.ca.
- The non-refundable deposit and student fees are not eligible for refund under the medical withdrawal policy. Tuition refunds will not be considered after the 66% deadline, regardless of the date of injury or illness onset or the date health care is provided.
- Selective/partial withdrawal will only be considered if received during the instruction period (prior to the final exam period). Requests for special consideration for retroactive withdrawal (those received after the instructional period) are permitted for an entire semester only, including any courses with passing grades.
- Requests are processed in the order received. Typical processing time is approximately 30 business days (may be longer for retroactive requests), depending on the volume and complexity of requests received. Decisions are sent by email. Once processed, requests cannot be revoked.
